

FIGURE 1

FIGURE 2

FIGURE 2 is a perspective view of a multi-bay electronic chassis assembly. The assembly consists of a main frame (54) supporting multiple vertical bays (32, 33, 34, 35). Each bay contains a printed circuit board (36) with various components (37, 38, 39, 40, 41, 42, 43, 44). The bays are connected to a central bus or power distribution system (46, 47, 48, 49, 50, 51, 52). The assembly is shown in a perspective view, highlighting the modular design and the internal components of the bays.
